

Curriculum Overview –

All Saints' Curriculum Intent Statement:

Pupils at All Saints have access to a world class curriculum – one which is broad, balanced, challenging and gives pupils a better chance of success than any other curriculum in the country.

Hair and Beauty Curriculum Intent Statement:

Year 10/11

CO2A5 –Level 1/2 Technical Award in the Study of Hair & Beauty

This qualification includes three Mandatory Units that help to develop a broad understanding of the Hair & Beauty Sector and related industries. For example: retail, leisure, manufacturing and other personal care services.

The qualification provides core academic knowledge and study skills that will support progression into post-16 and higher education.

UCO90 – Business and entrepreneurship in the hair and beauty sector

This unit will enable learners to develop knowledge and understanding of business principles, types of businesses, marketing and entrepreneurship and different business opportunities within the hair and beauty sector.

UCO91 – Anatomy, physiology and cosmetic science

This unit will enable learners to develop knowledge and understanding of cosmetic chemistry, the role of the integumentary system and the development of hair and beauty products.

UCO92 – Design in the hair and beauty sector

This unit will enable learners to develop knowledge and understanding of the purpose, principles and development of design briefs for the hair and beauty sector, including how to present and communicate design brief ideas and concepts to a range of audiences and develop analytical, reflective and evaluative skills.

In this qualification, learners develop themselves, in particular focusing on the skills and attributes required by employers, Further Education Colleges, Higher Education Institutions (University).

Throughout the delivery of the qualification, the following core areas and transferable skills will be covered:

- Personal development and critical reflection
- The ability to interpret, analyse and apply knowledge
- Organisation, planning and research skills
- Innovation and creativity
- Reasoning skills
- Problem solving

The qualification content will provide learners with an understanding of the chemistry of hair, beauty and nail products, as well as the anatomy and physiology of the integumentary system. They will explore design skills and techniques that can be used within the hair and beauty sector, giving learners the opportunity to develop their skills in planning, carrying out research and presenting design brief ideas. Learners will also explore the business aspect of the hair and beauty sector, the broad related industries and understand the aspirational career opportunities available. Learners will have the opportunity to explore the principles of marketing and how entrepreneurship supports the hair and beauty sector, including how to select and design appropriate promotional activities and materials.

The content of the qualification is designed to engage learners through the context of hair and beauty due to its popularity and aspirational career pathways.

This qualification has been developed collaboratively with schools, colleges, employers and other associations to ensure it has the appropriate content and is fit for purpose for learners aged 14-16.

Y		Cycle 10		Cycle 11		Cycle 12
